

FINANCE FOR CAPITAL EQUIPMENT

IGFC Leasing Inc., a division of IG Financial Group, provides comprehensive and innovative commercial financing solutions to companies across Canada and the United States. We develop innovative equipment lease programs with equipment vendors. We build strong relationships with our customers and grow with them through excellent service, trust and a good understanding of their business.

Our dedicated professionals understand the industry, work closely with their customers and gain a good understanding of the business. Combined with our expertise in commercial finance, we quickly provide comprehensive and innovative financing solutions to our customers.

Our relationships with a variety of underwriters allow us to be a one stop leasing center and offer the most comprehensive and innovative financing solutions for your company.

Our rate, products and services are highly competitive and we offer some very unique financing products. The value does not stop here. IGFC Leasing Inc. provides:

- A one-stop leasing center to major financial institutions
- Competitive rates and generous credit terms
- Flexibility in structuring leases
- Fast credit approval and high approval ratios
- Pre-approval prior to purchasing
- Quick payment after signing of lease documents
- Notification to our customer before end of lease term
